

10 November 2021

Dear Parent/Carer

Norwood Secondary College (NSC) is looking forward to a positive and engaging year ahead with teaching and learning occurring back in our classrooms. Now, more than ever, we seek to re-engage students with lessons that offer hands-on experiences and the practical opportunities that students have missed in remote learning.

We would like to advise you of our voluntary financial contributions for 2022. Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our college can offer the best possible education and support for our students that far exceeds standard curriculum offerings.

After undertaking extensive research, discussions with NSC staff and consultation with College Council Finance Committee, we have maintained parent contributions for students similar to those of 2021, although the structure and presentation of parent contributions differ to those from previous years.

Whilst the State Government provide a substantial amount of the college's funding, it is not sufficient to meet all costs incurred to allow us to provide the diverse curriculum offered at NSC. Our vibrant curriculum offers students significant subject and elective choices, hands-on experiences across a broad range of key learning areas, subject-specific equipment and full access to a wide range of materials. Therefore, we rely on your contributions to maintain these quality programs for your child/children. Without your support, our programs would need to be significantly altered or reduced.

In addition to the abovementioned student-based programs, the college also values your contributions towards our extensive non-curriculum based programs and facilities. Your financial contributions enable the college to provide additional funding in areas such as Student Wellbeing programs, upgrades to IT core network infrastructure, Compass Education portal, upkeep of the Student Health Centre, furniture upgrades, locker provision and maintenance of grounds. Lastly, we accept tax deductible donations towards the Building Fund and the Library Fund.

Information regarding Curriculum Contributions, Other Contributions and Extra-Curricular Items and Activities can be found on the following few pages. We urge you to read the information thoroughly and please contact the College with any concerns.

Yours sincerely

Andrew Sloane

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
